#### Title I - Parent and Family Engagement Policy

## 2024-25

Weber School District believes parental engagement is vital to the success of students at each school. Title I schools are committed to meeting academic needs by providing support for students from diverse ethnic and social backgrounds, for students who are Multi--language Learners, and for students with learning challenges. We are committed to family engagement and families by coming together, working side by side, listening, and providing regular personalized communication.

Weber School District involved parents in the development of this written policy. ## PART V. ANNUAL EVALUATION

Weber School District meets annually in the fall with parents/guardians, teachers, staff, and administrators to analyze and discuss data. This data includes state end of level assessment data, Acadience data, WIDA data, and LEA discipline data. We celebrate achievements and look at areas of concern.

A survey (which includes these three specific questions/topics is given.)

- What do you see as barriers to more meaningful parent/guardian engagement?
- Discuss needs to assist with the learning of their children, including engaging with school personnel and teachers
- What strategies to support successful school and family interactions would benefit families?

Weber School District uses this data to determine goals and allocate resources for our Title I schools. This helps us meet the needs of d families, thus closing the opportunity gap in our schools.

This policy was adopted by the Weber School District in the fall of 2024 and will be in effect for the period of one year. The school district will distribute this policy to all parents of participating Title I, Part A children on or before November 1, 2024
